## **American Clean Energy and Security Act of 2009**

“The Waxman-Markey comprehensive energy bill, known for short as "ACES – American Clean Energy and Security Act," includes a cap-and-trade global warming reduction plan designed to reduce economy-wide greenhouse gas emissions 17 percent by 2020.

Other provisions include new renewable requirements for utilities, studies and incentives regarding new carbon capture and sequestration technologies, energy efficiency incentives for homes and buildings, and grants for green jobs, among other things.”
